Annual Jaycee Fish Rodeo Slated Saturday Afternoon

The annual Junior Chamber of Commerce Fish Rodeo will be held next Saturday afternoon at the Doug Rittenberry farm, located 1 1/4 miles north of the Hereford Highway on Canyon City Club Road.

This will be the fourth annual fish rodeo staged by the Jaycees.

Signs along the road to the Rittenberry farm will direct the way.

Youngsters who need transportation should gather on the north side of the square at 12:30 o'clock Saturday. Fishing will begin at 1 o'clock and judging will be at 6 o'clock.

Directing the rodeo this year are Delbert Turk and Richard Pruett. Judges will be Delbert Turk, Doug Rittenberry, Bob Wilkinson and Richard Pruett.

There will be two divisions in the fishing contest. One will be for youngsters 9 years old and younger and one for those between the ages of 9 and 14.

Prizes will be given in each division for the largest catfish, largest perch and for most fish caught. At least seven prizes will be given in each division.

Prizes will be donated by Canyon merchants. Merchants wishing to donate prizes should

call Turk at OL5-2131. Jaycees will collect prizes Friday afternoon.

Only worms will be allowed as bait. These will be furnished by Jaycees.

Jaycettes will operate a concession stand selling cold drinks and sandwiches.

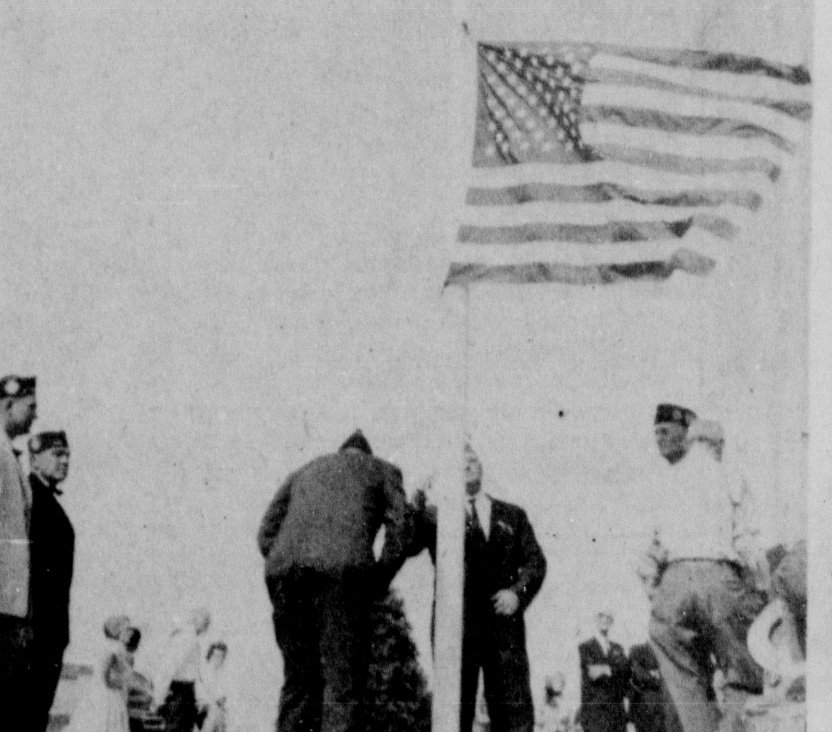

Rain Too Late For Wheat

Rains Tuesday evening soaked portions of Randall County and left other areas virtually dry, according to John Brazzil, county agent.

Brazzil said the northern portion received the heaviest downfall. Some sections there received up to three inches, he said.

"Other portions only caught small ineffective showers," he added.

He said that the rains came too late to help the wheat crop.

MEMORIAL DAY service held at Dreamland Cemetery Tuesday morning was attended by approximately 200 people. The Rev. Dale Harter officiated. Above photo shows VFW members raising the flag following the service.

Pipeline Officials Seek County Tax Value Method

Question Money At Court Meet

Seven pipeline company representatives fired questions at Bill Money, county tax assessor-collector, in an attempt to find out what figures he will be using to set tax values for the 1961 tax roll at a commissioners' court session Monday.

The meeting, only scheduled to last for a vote canvass, lasted almost three hours.

Clay Carrithers of Phillips

was spokesman for the group.

"We've asked Mr. Money to appear with us to get some understanding of the tax roll," Carrithers told the commissioners in opening.

"We've heard about some inequalities and decided to appear together," he said.

With him were Richard Clark of Texaco, Houston Spikes of

Pioneer Natural Gas Open House Set Sunday

Open house for Pioneer Natural Gas Company's new office building will be held from 1 o'clock until 5 o'clock next Sunday afternoon.

The building is located at 1618 Fifth Avenue.

The building has 2,800 square feet of floor space and is gas air-conditioned.

The building area features a parking lot constructed for the convenience of the customer. It also is equipped with a drive-

up teller window making it easy to pay bills from the car. It also has a night depository for after-hours payments.

The show area will have displays of the latest gas appliances.

Office manager in Canyon is H.R. King, Jr. Servicemen are Chester Reynolds and James Boyce. Clerks are Erlene Markham and Mary Key. College students working for the Canyon branch are Larry Brandon and Fred Neslage.

Appaloosa Show Tomorrow

Appaloosa breeders from several states will gather at the Sheriff's Posse arena for the first Appaloosa show sponsored by the Randall County Sheriff's Posse, according to R. B. Allen, president of the organization.

Allen said a similar show was held here last year by the Golden Spread Appaloosa Club. It was held at Tierra Blanca Stock Farms.

There will be all halter classes, performance classes and cutting.

This year there will be three judges. They are Bud Hanson of Garden City, Alvin Davis of Brownfield and John Burt Jr. of Calhan, Colorado.

"We will be using the point system of judging," Allen said. "This is a relatively new method of judging horses."

He added that there is usually one judge at a horse show. The halter class will lead off the show, starting at 9 a. m. The show will continue through the day ending with the cutting

horse contest.

Allen said the public is invited to attend the show.

He is expecting over 100 entries in the three day show.

Highway Department Okeys Signs for C of C

Charles Smith, district highway engineer, gave his consent to exactly where the chamber wants the signs and what size.

"We would just like to have the right-of-way," Blackaby explained.

"We can certainly get together on that," Smith said. "All we're interested in is avoiding road hazards."

He added that the highway department had told the city once before that signs could be erected behind the curb line on state right-of-way.

Blackaby said the chamber would like to build signs for the 4th Avenue and 23rd Street intersection and for 11th Street

and highway 60.

Smith told Blackaby to find out exactly where the chamber wants the signs and what size.

"We can meet again and make final arrangements," he added that adjacent property owners would have to approve.

Joe Gidden told Smith that there has been some discussion about the appearance of the expressway approach to Canyon.

"I wonder if a beautification program can be established," he asked Smith.

He said that the proposed system would require at least a 6-inch line.

He went on to say that the highway department would bear the installation costs and maintenance.

"It is a policy of the commission that the cities must

funds."

He showed a plan of the system to persons present at the meeting.

"I believe we can get a similar system in the near future," Smith said. "We do need an agreement from the city to furnish water."

He said that the proposed system would require at least a 6-inch line.

He went on to say that the highway department would bear the installation costs and maintenance.

Mrs. C. O. Cooper Rites Held Tuesday , May 30

Funeral services for Mrs. C. O. Cooper, 78, were conducted Tuesday, May 30, at 3 p.m. at the First Baptist Church, the Rev. Strauss Atkinson officiating, assisted by the Rev. Chester O'Brian of Paramount Baptist Church.

Mrs. Cooper died in Neblett Hospital Monday.

She resided at 1318 5th Avenue.

Mrs. Cooper moved to Canyon in 1930 from Hedley.

She was born July 30, 1882, at Columbus, Arkansas. She married Charles Oscar Cooper at Hope, Arkansas in December of 1903. He died in 1948.

She is survived by three sons, Clay of Canyon, Neil of Hereford and John W. of Tucumcari, New Mexico; four daughters, Mrs. Faye Cannedy of Canyon, Mrs. T. E. Allen and Mrs. Hazel Hall, both of Los Angeles, California; and Mrs. Sidney Colclazer of Amarillo; 12 grandchildren and 2 great grandchildren.

Burial was in Dreamland Cemetery under direction of LaGrone Funeral Home.

Pallbearers were Levi Cole, Tom Gooch, Worth Jennings, Bill Knighton, Billy Hill, Billy Black, Crannell Tolliver and Clark Jarnagin.

Honorary pallbearers were Bill Downing, Harry Allen, Tony Martin, Murray Boston, Tom Knighton Sr., Buddy Foster, Bill Money, Raymond Rigsby, Redmond Hand, Charles McBeth and Marion Higdon.

Freshman FHA Given Picnic

Freshman Future Home-Makers of America, Canyon High School, were honored by the sophomore and junior FHA with a picnic recently.

The group went to the museum, the college pool and then to Conner park for the picnic.

Sixty girls attended with their sponsors, Clara Long and Darlene Stover.

Monoxide Fumes Claim WT Grid Player

Robert Drake, 21 year-old football player for West Texas State College, was overcome by carbon monoxide fumes and died Friday on a trip to California.

The fumes seeped through the floorboard of the car.

Affected by the exhaust fumes and listed in fair condition at Gila General Hospital in Globe, Arizona, is Dean West.

Two other passengers in the car were Bob Petrich and Ken Garver. They were all WT football players enroute to California to spend the summer.

Petrich and Garver were not affected by the fumes.

Garver and Petrich were not aware of Drake's condition until they arrived in Globe at approximately 8 a.m. Friday. They rushed him to the hospital when he did not respond to their attempts to wake him. He was pronounced dead on arrival.

West was released this week after treatment.

Drake was born July 10, 1939, at Cheraw, South Carolina, and attended high school at New Kensington, Pennsylvania. He is survived by his parents, Mr. and Mrs. Sam Drake, and six brothers.

The body was sent to New Kensington for funeral arrangements.

Drake participated in spring drills at West Texas State this year and was counted on as a defensive starter. He was one of the first Negro football players to enroll at WT.

PIPELINE REPRESENTATIVES SEEK...

Pioneer Natural, Virgil Brecheen of Pioneer Natural, F.M. Johnson of Shamrock, George Douglas of El Paso Natural and Jess Sanford of Transwestern.

Carrithers asked Money how he went about assessing property in the county.

"We are trying to use the willing buyer-willing seller method," Money replied.

Carrithers asked Money how he is qualified to assess pipelines.

"I use the tax assessor's manual for that sort of thing," he answered.

"How does it help you evaluate from a construction standpoint?" Carrithers further interrogated.

"I know what it would cost today," Money replied.

"With reference to personal property, which pipelines are, do you assess all personal property in the county?" Carrithers continued.

"Probably not," Money answered. "We miss money in the bank, diamond rings and bicycles."

"According to a recent newspaper article you mentioned re-adjusting pipelines," Carrithers said. "How do you assess those built in the 30's, 40's and 50's?"

"How do you render them?" the tax assessor collector shot back.

"The rendered value is not a final figure," Carrithers said.

Money said he has used a schedule prepared for statewide use on pipelines valuations. "One of you fellows gave it to me," Money said to the group.

Carrithers asked Money what per cent of the assessed value has been used for tax purposes.

happening one of the group said. "All we seek is equalization" one of them concluded.

In other business, commissioners canvassed votes from the special election Saturday.

John Tower carried Randall by an almost 2 to 1 majority. Bill Blakley received 1,291 votes to Tower's 2,456. Jim Wright received five write-in-votes, Will Wilson one, and George Schaeffer, two.

"I believe it's been 25 per cent," he said.

"In other words, you are bringing us down from 25 to 15 per cent," Carrithers said.

"I'm not going to accept those ridiculous low values," Money countered. "I'm going to raise them."

"One of the pipeline companies charged the county \$13,000 for moving 1,000 feet of line," Money said. "Yet you render them at a cost of \$29,000 a mile."

One of the men said that the cost of moving a line was greater than original construction.

Carrithers then asked Money, "To make any change don't you have to have facts and figures?"

Money then said he was only trying to keep the percentage as low as possible.

"That's commendable," Carrithers said.

"I'm not happy with pipeline values though," Money continued.

One of the men asked him what he was going to use.

"Can't you give us an itemized cost of the lines you have in the county," Money asked.

"We don't keep records like that," one of the men said.

"Then how will you know we're wrong," Clarence Beckman, commissioner of precinct 3, said.

No one answered.

One man from Pioneer Natural said the construction of a 24-inch line would probably be from \$70,000 to \$75,000 per mile.

"Then why do I get \$29,000," Money asked him.

"We're not objecting, we're trying to find out what is

Commissioners also authorized advertisements for bids on a night car for the south Amarillo sheriff's deputies.

Sheriff L.S. "Slim" Johnston came before the court and said the present car would have to be repaired or a new car purchased.

Commissioners concluded with a discussion of the surplus food plan for county needy. Judge Angel pointed out that some of these might not qualify under stipulations set by the county.

He added that the only cost to the county would be transportation for the surplus food.

furnish free water for such projects," Smith said.

Gidden asked Smith if anything had been decided for the intersection of 17th Street and highway 60.

"We've given that quite a bit of study," he said. "Within the next few days we're going to place a bigger stop sign there."

The present sign is located some distance from the actual intersection. Smith said the new sign will be placed right at the crossing.

He added that the only permanent step which could be taken at the intersection would be an interchange.

"Have you thought about reduced speed limits at that point?" Blackaby asked.

"No, but we can conduct a speed check," Smith said. He added that a speed zone may be the answer.

Smith concluded by telling city commission representatives that upkeep of traffic lights within the city limits is now a city problem.

According to 1960 census figures, the city has to assume responsibility due to an increase in population.

Rambling Around

DOYLE G. THOMAS ASC Office Manager

A total of 527 farms had been signed up in the feed grain program in Randall County through Friday of last week. This represents about 73 percent of the feed grain farms in the county. Farmers on these farms have agreed to divert 31,762 acres from feed grain production. This is 39.5 percent of the base acres on the farms.

Getting this program set up and in operation was about the biggest job we ever faced. Certainly it could not have been done without the cooperation of the farmers and the tremendous amount of time and work done by county and community committeemen. These committeemen are the first to say that busts were made. They had very little to work with in setting yields and acres. At the most it was more or less judgement decisions. However, in the cases where it was clearly shown that errors had been made the committees made the necessary corrections. If the program continues in future years we believe just about all inequities can be corrected. If it is not continued then we believe no one in the county will be severely penalized by the inequities that do exist.

Bindweed killing time is here again. Although large acreages of this pest have been killed the past year or two under the Agricultural Conservation Program we still believe that there are quite a few people who do not realize the seriousness of the bindweed problem. Acreages taken over by this weed cannot produce and endanger all other land in the county. Approximately 50 percent of the cost of treating bindweed can be paid under the ACP. There is one major change from last year. A representative of this office must make a preliminary inspection of the acreage to be treated before the work is done. If you have bindweed and plan to treat them under the ACP make application early so that the inspection can be made.

Wheat harvest time is just about upon us. It will not be long before the grain will be harvested and plows running in the field. Along this line we would like to urge all small grain farmers to consider stubble mulching their acreage. It looks like we may have a long hard summer and certainly stubble left on top of the ground will help to conserve moisture as well as prevent wind erosion. ACP assistance is available to farmers who use this practice.

Incas in Peru had a form of communism with 1,331 supervisors for every 10,000 people.

This statement came Sunday from General Jerry Lee of Amarillo as he addressed the district convention of the Veterans of Foreign Wars held here in Canyon.

General Lee said the state owned all facilities for production and the people had little or no individual freedom.

He said the most primitive societies on earth have adopted forms of socialism or communism. He pointed to the aborigines of Australia, the lowest form of humankind, as an example.

General Lee noted with alarm the advance of communism across the globe during the past two decades.

"Cambodia is gone, Laos is gone and Southeast Asia is highly infiltrated," he declared. He said some 7,000 additional people are enslaved by the Red

march each hour.

He declared that communists and fellow travelers are entrenched in schools, churches and social organizations.

He said the theme of pinks, fellow travelers and Reds is that "there is no communist conspiracy" and those who sound an alarm are given the horse laugh.

Lee lashed out at administrations, past and present. He asserted that the Central Intelligence Agency has been infiltrated.

The speaker said there is a move afoot for repeal of the Connally Amendment and for internationalization of the Panama Canal.

He took to task those who propose to trade tractors for rebel prisoners in Castro's Cuba. "Let's go down there and get them," he urged.

He advised his listeners to pressure their representatives in Congress to further measures to stem the Red tide.

"There's no use to get after Yarborough," he continued. "He's useless. And you can put that in your paper. I don't care," he declared indicating a News reporter.

In a business session Sunday the VFW named Cal Stephens of Canyon district commander. Cecil Joslin was elected senior vice-commander; Louis Berg, Wellington, junior vice-commander; Joe Batson, Canyon, quartermaster; Fred Shipman, Plainview, chaplain; Albert Devin, Tulia, judge advocate; Merle Davis, Plainview, surgeon; and L.H. Lookingbill, Hereford, Leon Stencil, Littlefield, and Earl Evans, Hereford, trustees.

District auxiliary officers named include Mary Yantis, Littlefield, president; Mrs. Dorothy Hunnicutt, Canyon, senior vice-president; Mrs. Louis Berg, Wellington, junior vice-president; Elnora Trimmer, Littlefield, secretary-treasurer; Mary Stephens, Canyon, chaplain; Mattie McBroom, Canyon, patriotic instructor; Mae Brown, Tulia, conductress; Alta Davis, Hereford, guard; and Mary Jane Davis, Plainview, Mrs. Thelma Owens, Canyon, and Betty Lookingbill, Hereford, trustees.

Auxiliary officers were installed by Mrs. Hedwig Eaton, Amarillo, past department president.

Donnells Celebrate 50th Anniversary

Mr. and Mrs. L. A. Donnell were honored recently on their golden wedding anniversary with a family dinner.

The four Donnell children, Mrs. Clarence Bauer, Bentonville, Ark., Alton P. Donnell, Detroit, Mich., Overton Donnell, Borger, and Mrs. D. C. Gamble of Canyon and their families were present.

L. A. Donnell is one of the earliest settlers of the Panhandle. He arrived in the Silverton area in 1889. At that time, they bought supplies in Amarillo so he vividly recalls Canyon and Amarillo in their infancy.

He was cashier at the bank and in the cattle business when Miss Henrietta Knipp arrived from Cameron to teach in the Silverton schools. They were married May 2, 1911 in Tulsa. The four Donnell children were born in the Tulsa vicinity but the Donnells moved to Canyon in 1924 in order to educate their children. They have lived here since.

Donnell has always been engaged in farming but his main interest has been in raising registered Hereford cattle. At this time he and his sons maintain a herd. Mrs. Donnell has been very active in the civic and community affairs of Canyon. She was serving as president of the Woman's Book Club when ill health forced her to resign.

The Donnells have always been active in First Presbyterian Church which they have served in many capacities. Donnell served on the board of deacons and the board of elders.

Mrs. Donnell was presented with a life membership pin in 1960 for work she had done in National Missions. Her lifelong friend, Mrs. Harvey Cash of Canyon in making the presentation said:

"We wish we could find words which would express a tribute to Mrs. Donnell, entirely worthy of her life. She gave herself faithfully to her church. We remember that when the Donnell family had come home for a re-union, they always came to church, sitting together in the family pew—the sons and daughters, the in-laws, grandchildren, all with Mr. and Mrs. Donnell in the church, which they had been taught to love."

"In all departments of work of the women of the church she was a leader and inspired those who followed her to give their best. Those of us who sat in Mrs. Donnell's Class at Sunday School felt that she was an earnest, sincere teacher. Her wealth of information brought to the class each Sunday showed that hours had been spent in prayerful preparation."

"How wonderful it would be if those of us who love Mrs. Donnell would emulate her sterling characteristics and that through her friends, others

would feel the influence of her life."

The four Donnell children graduated from Canyon High School and attended West Texas State College. Keith Donnell Bauer has been very active in civic and church circles in Tulsa before moving to Arkansas recently.

Alton Donnell left West Texas State College to attend West Point where he graduated with honors. He is presently general manager of the Detroit-Edison Co., an atomic research company. Overton Donnell and Kate

Donnell Gamble graduated from West Texas State in 1941. Overton is serving as pipeline superintendent for Phillips Petroleum Company in Borger. Kate Donnell Gamble taught home-making at Dalhart and Canyon and was home demonstration agent for Hutchinson County. Since her return to Canyon, she has served as the first president of the Junior Woman's Book Club and on the board of deacons of First Presbyterian Church.

Because of Mrs. Donnell's health, the celebration was confined to the family group.

McWaters and Scism Married

MRS. ROGER MCWATERS nee CHERYL SCISM

Wedding vows were solemnized last Thursday night between Cheryl Scism, daughter of Mr. and Mrs. A. N. Scism, Dewese, Nebraska, and Roger McWaters, son of Mr. and Mrs. H. D. McWaters, Pampa.

The wedding took place at 8 p.m. in the Methodist Student Center on the West Texas State College Campus.

Rev. Newton Starnes, pastor of the First Methodist Church of Canyon, officiated at the double ring ceremony.

The bride wore a white batiste street length dress. The dress was sleeveless and had inserts of white over white embroidery on the bodice. Her accessories were white and she wore a white satin bandeau with a short veil.

The bride and groom were entertained in the William Casen Smith home after the ceremony.

The bride was living with an aunt and uncle in Hedley at the time of her wedding. She is a graduate of West Texas State College. She holds a degree in business administration and a Texas state teachers certificate. She is employed at the present for Dr. Kenneth Waugh, WTSC, in the position of secretary.

The groom is attending West Texas State and is employed at the Canyon News.

Those attending the wedding were Mr. and Mrs. H. D. McWaters, Mr. and Mrs. Kenneth McWaters, Mr. and Mrs. W.C. Smith and Carter Williams.

Seniors Feted

Canyon High School seniors were honored at an all night party last weekend, by their parents.

The party, planned by the room parents, was open to seniors and their parents. It began at 11 p.m. with a special showing of "The Absent Minded Professor" at the Varsity Theater.

From there the party moved to the Student Union Building on the West Texas State College campus.

Food prepared by the parents was served. There was dancing in the ballroom, and games in the informal lounge.

Bride Elect

Mr. and Mrs. Jay Boothe, Mobette, announce the engagement and approaching marriage of their daughter, Sandra, to Ted Abbott, son of Mr. and Mrs. Ferrell Abbott, Canyon. Wedding vows will be exchanged June 24 in the Briscoe Church of Christ.

The next meeting will be at 7:30 p. m. at the Methodist Church June 9.

Wilson Meets With Home Demonstration Club Council

Bill Wilson discussed plans for the Lions' Club Carnival, to be held the last week in June, with the Randall County

Home Demonstration Council at a meeting recently.

Council members voted to take charge of the concession stand at the carnival. Mrs. R. A. Hodge, president, presided. Mrs. J. T. Brown moved that members vote on a name for the "dump ground" road. They voted to change the name to Hunsley Road.

Mrs. Lewis Tucek, county 4H chairman, announced that Ann and Janie Fisher will attend the State 4H round-up at College Station the first week in June. Mona Hildreth, the county home demonstration agent will accompany them.

Delegates who attended the district meeting held in Dumas recently, discussed and reported on the business taken care of at the meeting.

Those reporting on the Dumas meeting were Mrs. C. V. Conatser, and Mrs. J.T. Brown and Mrs. John Plak.

Salads Featured On Canyon HD Club Program

Mrs. Mona Hildreth, county Home Demonstration agent, presented a program on salads and their food value at a meeting of the Canyon Home Demonstration Club Friday, May 19.

Meeting was in the Billie Williams home. Present were 12 members and 2 visitors.

Next meeting will be Friday June 2, in the home of Dorothy Hunnicutt.

Mrs. L. M. Cousins Retires Teaching

Mrs. L. M. Cousins, teacher in the Canyon Elementary School for thirty years, has announced her retirement from the teaching profession.

She received a certificate of merit, at an awards luncheon last Thursday, for her years of service in the Canyon schools. Joe Gibson, superintendent of schools, presented the award to her.

MRS. L. M. COUSINS

Isabel Cousins entered West Texas State College in 1923. She did much of her work in the summer. She had been teaching for eight years before she received her Bachelor of Science degree in elementary education in 1933. A few years later she was granted a masters degree from the same college,

but her graduate work included studies at Colorado College of Education and at Central Oklahoma State Teacher's College.

She has belonged to the National, Delta Kappa Gamma, and to the Education Association, Education and at Central Oklahoma State Teacher's College.

She has belonged to the National Education Association, and was twice the official delegate of the Canyon unit to national conventions. Other professional groups to which she belonged are, the Texas State Teachers Association, Classroom Teachers' Association, Delta Kappa Gamma, and the PTA. She does active committee work in these organizations. For several years she was a member of the American Association of University Women and is a lifetime member of PTA.

Among Mrs. Cousins' community interest are the Methodist Church and its Sunday school and the Wesleyan Service Guild, which presented her a life membership in recognition of her leadership. She holds a membership in the American Legion Auxiliary and is a member of Eastern Star.

"The greatest delight in teaching," Mrs. Cousins says, "is watching the success of the boys and girls I taught in grade school."

Her daughter, Mrs. Phillip Patterson, lives in Cedar Grove, New Jersey and that is where Mrs. Cousins will take her first "real vacation".

Wedding vows were exchanged by Joy Glenetta Johnson, daughter of Mr. and Mrs. Clem Johnson, Canyon, and Jim Wesley Franklin, son of E. E. Franklin, House, New Mexico and Mrs. Malcom Tweed, Cula, California last Saturday in the Assembly of God Church in Canyon.

The wedding was at 7:30 p.m. Rev. A. J. Pettit and Rev. Strauss Atkinson officiated at the double ring ceremony.

Dellinda Dalton, organist, played traditional selections before the ceremony. She accompanied Trudy Johnson, sister of the bride, who sang "I Love You Truly", "Indian

OPEN HOUSE SUNDAY!

June 4...
1 to 5 p.m..
1618 Fifth Ave.

Sure, it means nicer working surroundings for the PNG staff here in Canyon. It's larger than the old place, with 2,800 sq. ft. of Gas air-conditioned working space; and the buff brick exterior is far more attractive. After all, it gives us a feeling of pride to do business from a place that's right "up-to-snuff". But what really counts is that we're now able to serve YOU better than ever. Pioneer is considerate of its employees' welfare, yes. But this building wasn't built just to please them...it was built to please YOU and all our valued customers, to make things more convenient for you in dealing with us. Take the matter of parking, for example. We now have a spacious, paved lot cheerfully illuminate by the glow of Gas Lights. You'll have no parking problem in your visits to the office. There's a drive-up teller window which makes it easy to pay your service bill from your car...and a night depository for after-hours payments. For your information and buying guidance, there are handsome displays of the latest Gas appliances. But why prattle on? C'mon in and look the place over for yourself. H. R. King, local manager, and the entire staff extend a cordial invitation to come see us.

Mrs. Walker Off Critical Condition List

Mrs. J. J. Walker is off the critical list at St. Anthony's Hospital in Amarillo, according to doctors caring for her.

She has shown quite a bit of improvement they added.

Mrs. Walker was injured in a two-car collision at the intersection of highway 60 and 15th Street Monday, May 22.

Her husband, J. J. Walker, was hospitalized at Neblett Hospital and later released.

Mrs. Walker was carried to St. Anthony's the night of the wreck for an emergency operation.

Annual Lion Carnival Set for Last of May

week of June 26 through July 1, according to Coehn Penick, club public relations chairman.

This year the carnival has been set for relocation at the elementary school. In the past it has been held on the courthouse square. Also, the date has been moved up to the first part of the summer.

Penick said the carnival will be similar to those in the past.

Proceeds, as before, will be used for charitable purposes. This past year the club has contributed to the program for the blind and donated money for maintenance of the children's camp at Kerrville.

Local projects have included improvements at the city part glasses for several school children and support of the hearing survey taken at the public schools.

FAIRVIEW BREEZES

BY MRS. J. W. WESLEY

We had a nice rain the past weekend. Some reports show as much as 1.80 inches.

Church services Sunday were well attended. Ordination services for the Rev. Buyers were set for the fourth Sunday in June at our church.

The 42 party in the home of Mrs. Annie Read was enjoyed by three tables of pro-

gressive 42. Those attending were Mrs. Evelyn Shipman, Jannis and Pam, Mr. and Mrs. E.W. Schaeffer, Mr. and Mrs. G.E. Wesley, Mr. and Mrs. J.W. Wesley and Mr. and Mrs. Charles Sutton. Refreshments consisting of cookies, coffee and punch were served by the hostess.

Mrs. J.W. Wesley was quite ill Saturday night and Sunday. Dr. Robinson was called out to administer treatments. She was improving at home Monday.

Those visiting in the J. W. Wesley home Sunday were Mr. and Mrs. Ervin Wilson, Mr. and Mrs. John Patterson, Mr. and Mrs. E. M. Wilson.

Mr. and Mrs. Ervin Wilson were in Amarillo on business Monday.

Hollis Shipman was released from the osteopathic hospital Sunday and went to Seymour Tuesday to over see combining. His brother-in-law took the combine down for him and his son, Gene, took the truck and then caught a bus for home. Gene is doing the farm work for his father.

Mr. and Mrs. E.W. Schaeffer visited their daughter and son-in-law, Mr. and Mrs. Robert Smith, in Lubbock Sunday.

We are sorry to learn of the death of the infant son of Mr. and Mrs. James Parker. The baby was born in Neblett Hospital Friday morning and died soon after. Mrs. Parker will be remembered as Gracie Devin, daughter of Mr. and Mrs. Clayton Devin.

Mrs. Evelyn Shipman and Mrs. Melvin Schaeffer attended the funeral of the infant son of Mr. and Mrs. James Parker.

Albert Legate attended the funeral of his brother, Ulrich, who died recently near Red River. He formerly worked in this vicinity.

Mrs. Woodrow Wesley and her nephew, Bobby Boyd, attended the graduation exercises of a nephew and brother at the military academy in Roswell Saturday night and Sunday. Thomas Martin Boyd, son of Mr. and Mrs. Thomas Boyd, was the one who graduated.

Mr. and Mrs. Richard Evans were home over the weekend.

Mrs. Eppia Hamblin and her daughter and son-in-law visited relatives in the vicinity a short time the past week.

COUNTY AGENT'S COLUMN

by JOHN BRAZZIL

The rain Tuesday night dumped a small flood on the north portion of Randall County. More than four inches of moisture and some hail was received in some sections. Other portions of the county caught only small ineffective showers. Wheat is now past the stage to be benefited from moisture. Ranges and pastures need the moisture as well as fields now prepared for feed crops. Pastures that have been properly stocked are strong and furnishing good grazing. Overgrazed sites are showing up rapidly. Now is a good time to consider livestock feed for the next year.

Cattle numbers remain high. Most farmers indicate they will plant a smaller acreage to bundle and roughage feeds this year. With the pastures dry and the ranges not yet lush a shortage of roughage could result. Price wise the downturn of livestock prices predicted sometime ago is here. Falling cattle prices and dry pastures are a stockman's dilemma.

As of May 19 Texas feed grain producers had signed up for the feed grain program in a big way. As of that date 19.1 percent of Texas' grain sorghum acreage had been diverted from grain production. Dry conditions over Texas is expected to push participation over earlier estimates.

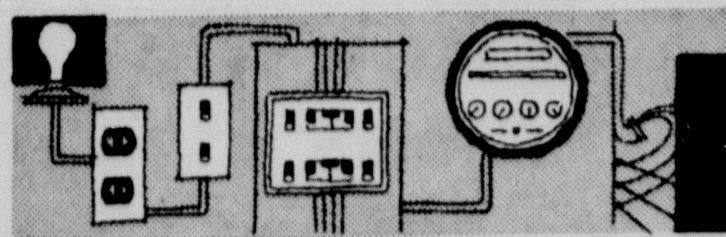

The Randall County 4-H Club Rifle Team will represent the Texas Panhandle at the State contest at College Station on June 6. Team members are Ed Grabber, Willie Wieck, Mike Raef, and Vincent Meyer. These boys together with John Brazzil will attend the State 4-H Club Round-Up on the campus of Texas A & M College. They will return home June 8.

Buffalo Lake Summer Recreation Spot

Recreational activities at Buffalo Lake are steadily increasing, according to Recil Johnson, lake concessionaire. Boaters and skiers are flocking every weekend.

He attributes the increase in fishermen to the restocking done by the federal government last year and year before last.

The lake was restocked in 1959 with 220,000 bass, 60,000 channel cat and 9,000 crappie.

Then in 1960, 180,000 bass were added, 9,500 channel cat and 10,000 crappie. This restocking was possible through efforts of the U.S. Department of the Interior Fish and Wildlife Service and state agencies.

At those times the lake was

stocked with fingerlings.

"We are having reports of plenty of good catches," Johnson said. "The crappie are weighing up to three quarters of a pound and the channel cat are going from one and one-half to two pounds," he added.

Johnson said he is expecting bigger crowds this summer than ever before. He added that there has already been a great increase in visitors compared to last year.

"I've been here at the lake six years and this is the best year I've ever seen," he said.

Johnson was speaking of water conditions, fishing and general appearance.

Several events are planned for the year. In July there will be a 5-state ski tourney. He added that there will be one boat race and one local ski tournament.

Recreation has become a major part of lake activity, according to Johnson. "A week

ago we had 800 fishermen and 300 boaters on the lake," he said. "When you figure three people per boat, that's quite a crowd."

But there's hardly a chance that the fishermen will surrender the lake to skiers and boaters.

"We had a lady from Amarillo out a few weeks ago and she got an 11 and one-half pound cat and a 12 pound cat," he said.

As long as stories like that are in circulation there's not a chance the fishermen will give up.

New carpet is being laid in the sanctuary of the Methodist Church.

Delbert Lowes is the head of the committee in charge of the project.

Visitors at the First Methodist Church last Sunday were Mr. and Mrs. J.T. Hammonds, Bovina; Don Tillery, Lubbock and West Texas State College students, Mr. and Mrs. Harold Cooke, Kay Coats and J. A. Killebrew.

NEW OFFICERS for the Rainbow Girls are shown in the above photo. They are Ann Warwick, worth advisor; Barbara Erwin, charity advisor; Gloria Buchannon, faith advisor and Karen Brewster, worth associate advisor.

"LEADERS IN SERVICE"

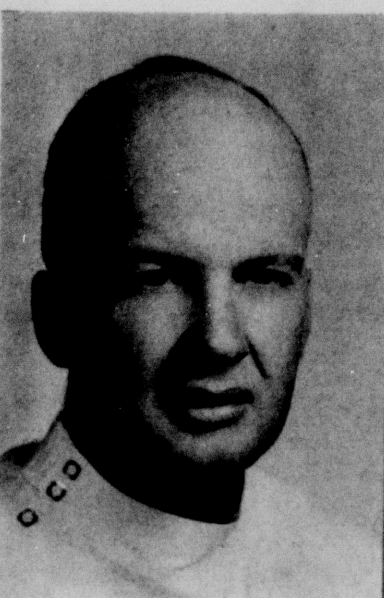

ONE OF THE better looking fishermen at Buffalo Lake, Carolyn Maniha of Houston, is shown with several crappie and yellow cat caught last week. Concessionaire Recil Johnson said many of the lake fishermen have been reporting nice catches of crappie and channel cat.

H.R. FULTON of Canyon is shown with a string of fish he recently took at Buffalo Lake. There are 27 crappie on the stringer. He used minnows for bait.

E-way Wreck Injures One

John Randolph Makeig, 19, of Amarillo was treated for minor head injuries following a wreck on the expressway Friday at 11:30 p. m.

Makeig's vehicle struck a bridge guard rail according to investigating highway patrolmen.

Wreck occurred at the first bridge north of the Canyon city limits.

Officers said Makeig told them he was attempting to light a cigaret at the time of the collision.

Damages to the vehicle were estimated at \$175.

J. L. SKARKS HAVE A GIRL

A girl, Jacqueline Denise, was born to the James Skarks May 20.

She is their first child and she weighed eight pounds and one ounce at birth.

Available in White, including mid- and fume-resistant White, and fourteen ready-mixed body colors.

Dramatic test confirms SUN-PROOF resists discoloring from harmful fumes ever present in the air!

Here's a convincing demonstration of the way SUN-PROOF keeps your home looking "just-painted" years longer.

This is a photograph of 3 identical panels of wood siding. Top and bottom panels were finished with competitive house paint, the middle panel with SUN-PROOF.

A concentrated solution of the fuel and exhaust fumes, found in the air no matter where you live, was sprayed equally on

all three panels.

The panels painted with competitive paint were stained and discolored. But the special fume-resistant pigments in SUN-PROOF kept the middle panel clean and white—just as they will safeguard your home.

Now is the time to give your home the extra protection which only SUN-PROOF provides—and save money. See your Pittsburgh Paint dealer while this special sale lasts.

LONNIE BYARS, (LEFT) CRAIG JOHNSON, AND J.L. MATTHEWS. Byars and Matthews shine the tables they built in the hand wood-working class offered nights at West Texas State College.

Wood-working Offered For Hobby or Credit at West Texas

"The class is given for credit, but out of the twenty students that were enrolled last semester all but nine dropped before the final exam," said Craig Johnson. He was talking about the wood-working class he teaches in the Industrial Arts Department of West Texas State College.

The course is hand wood-working. Out of the night class last semester only two of the students enrolled were regular daytime students. The night course is patronized mostly and slanted mostly towards people looking for a hobby.

Lonnie Byars and J. L. Matthews shown are both

retired or semi-retired farmer-ranchers. They are both interested in turning a knowledge of carpentry into a skill. Making fine furniture is a skill.

Byars made a cocktail table which is seven feet in length. It is constructed of Philippine mahogany. He used the French-Provincial style leg. There is approximately \$25 in material in the table. The table would sell retail for \$175.

Byars has two farms, one west of Canyon on the Hereford highway and one 12 miles south-east of Canyon.

Mr. and Mrs. J. Lee Allen visited in Floydada Saturday at the "Old Settlers Reunion".

"I've turned my garage into a workshop," Byars said. "I don't have any other hobbies.

I've always wanted to do wood-working.

Matthews built a Danish Modern coffee table of American Walnut. His materials cost him about \$22.50. Similar tables sell retail for about \$150. He attended West Texas State College in 1915 and studied art.

"My art didn't do me a lot of good," Matthews said, "but I think this will. I've built barns and sheds. I wanted to really build something that I could be proud of. I got my design from Robert Boothe. He was going to school here."

"There is one woman," said Mr. Johnson, "Who has taken the upholstery class six times. She can do all the work that she wants to with-out having

to invest in the equipment. It's the same with the wood-working class. We are trying to slant the night class toward the people who are looking for a hobby. The regular students can get

the course in the daytime. Next fall drafting courses will be offered again.

A greek philosopher once said, "Busy hands keep a young heart."

Jim Pickens Receives Grant

The Rev. Jim T. Pickens, former director of the Methodist Student Center at West Texas State College and now associated with McMurry College in Abilene, will study at Emory University in Atlanta, Georgia next year on a \$2,700 grant. Pickens will be working on his Ph. D. in religion at Emory.

He is now director of religious life and minister to the college at McMurry. Pickens was at WT from 1952 to 1954. He

also held pastorates at Vega and at Paducah before going to McMurry.

Both he and Mrs. Pickens will study at Emory. She will be working on a doctorate in English. Both are graduates of McMurry, and Pickens is a 1952 graduate of Perkins School of Theology at SMU.

Pickens has done graduate work previously at Emory, at Boston University, Northwestern University, and at WTS.

Freedom Foundation Medal Goes to Miss Ada Clark

DR. J. A. HILL pins A Valley Forge Classroom Teacher's medal on Miss Ada V. Clark. Miss Clark, a retired music teacher, was given the award by the Freedoms Foundation. It was presented to her last Thursday at an awards luncheon at Canyon High School.

Ada V. Clark, music teacher in Canyon for 36 years, received the Freedoms Foundation's Valley Forge Classroom Teacher's Award at a luncheon held Thursday in the Canyon High School cafeteria.

Other awards were given at the luncheon including a service certificate to Dr. J.A. Hill.

Dr. Hill presented the award to Miss Clark on behalf of the Freedoms Foundation, which is a non-profit, national organization that promotes good citizenship, teaching and Americanism.

In presenting the award Dr. Hill said that the greatest teacher in the world, whoever he or she may be, is among the greatest Americans that ever lived. Miss Clark's name was submitted to the Freedoms Foundation.

tion board by members of the local Classroom Teachers Association.

Miss Clark received her bachelor of arts from West Texas State College and her master of arts from the George Peabody Teacher's College in Nashville, Tenn.

She has studied with the Eastman School of Music, Fred Waring Choral School, Christians Choral School and other summer choral schools.

She has taught in the Canyon schools for 36 years. Her field is music education. While WTSC still had its demonstration school, she taught college students how to teach music.

When the demonstration school closed she was choir

director for the junior high and high school here.

She is librarian for the First Methodist Church. She sews, does block prints, and enamel work on copper. She retired two years ago.

She is a past member of Delta Kappa Gamma and is a member of the Association of University Women, The McDowell Music Club and the Philharmonic Music Club.

Milton (Buff) Morris presented Dr. Hill with a certificate of merit in appreciation for the work he has done in the Canyon Public Schools.

"God never gives a challenge to a little man". Buff quoted from Dr. Hill's writings, "Dr. Hill is a man who has done more since his retirement to further the good of our community and schools than most men do in a lifetime."

Mrs. L.M. Cousins was presented a certificate of merit by Mrs. T.V. Reeves. Mrs. Cousins retires this year from teaching.

Andy Wash presented a contribution to the Opportunity Fund at West Texas State College from the Classroom Teachers Organization. Buff Morris accepted the check and invited the organization to send a member to the opportunity fund board meeting to help decide how the money will be spent.

Service awards were given to the Parent Teachers Association officers, Mrs. Raymond Raillard, Mrs. Sherwood Blas Del, Mrs. Guylene Stover and Joe Frank.

Service pins were also given at the luncheon.

Ten year pins went to Mrs. Harry Green, Mrs. J.E. Mickey, Mrs. J.B. Roberts, Mrs. E.E. Perkins and L.H. Brotherton.

Mrs. Zula Usery, Mrs. Mary Black, Mrs. Eva Furlow, Mrs. Cladue Foster, Mrs. O. H. Crowell, Mrs. H.A. Brotherton, Mrs. A.K. Knott, Miss Sara Thompson and S.P. Burgess received fifteen year pins.

Twenty year pins were given to Mrs. Charles Harter, Mrs. Roscoe Davis, Mrs. Earline Moreman and Mrs. A.R. Walsh.

DOWD VIST BROTHER WHO IS ILL?

Mrs. L.C. Dowd spent Friday and Saturday in Amarillo at the home of her brother, Rev. J.B. Rowan. Rev. Rowan is in serious condition in North Texas Hospital in Amarillo.

Wayside News

The Rev. Roland Moore filled his regular appointment. His wife accompanied him.

Dan Gillham and family visited with his father, M. L. Gillham, Sunday evening.

Mr. and Mrs. Speer have been visiting their daughter and family. Mr. and Mrs. John Payne, last week.

Everyone has been busy cleaning the cemetery for Memorial Day, May 30.

Marilyn Wetzel and Marine and Fay Modisette had their recital at Tulia May 23.

We received a nice rain that was welcomed.

48 ROTC Students To Attend Camp

A six-weeks summer camp will be attended at Fort Hood by 48 West Texas State College Reserve Officers' Training Corps cadets, according to Lt. Col. Edward L. Lindsey, professor of military science and tactics. The group will begin the training period, required of advanced ROTC students, June 17, with the camp continuing through July 28.

Three of WT's ROTC instructors, Major W. H. Hobbs, Capt. Phillip Harper, and Sgt. Earl Hadley, have also been assigned to summer duty at Fort Hood. Capt. Carroll Meek will go to Fort Sill, and Capt. William Edwards will be assigned to Fort Lee Va.

FROM THE

CANYON RIM

By Troy Martin

Redmond Hand, our green grocer friend, says he recently noticed a news item telling about the appointment by the Secretary of Commerce of a committee to prepare a code of ethics for business and industry.

"While he was at it he should have appointed someone to write a code of ethics for government," opined Conservative Hand.

A.W. Mack was by to see us the other day. He says he lost interest in politics when President Truman announced that Russia had the bomb.

"It just about killed me when I heard it," Mr. Mack declared. "We had the means within our hands to stop war for all time and we let it slip through our fingers."

It is interesting to note that civilization has always stood on the brink of doom. Since Adam and Eve some portion of each gasping generation has poured out in full measure of despair, "This is the end."

The people of Hiroshima who saw their city melted that morning of August of 1945 probably were not as dismayed as were the soldiers who first saw their ranks cut to pieces by the deadly cross bow.

Think of the chagrin of the armies who first had gun powder used against them. The Gatling gun of the late nineteenth century was hailed briefly as the ultimate weapon which made war too costly to be tolerated.

People are becoming more concerned about the threat of communism every day. We've had at least a half-dozen visitors come by the office during the past week to talk about what can be done.

Among the group who have visited us to talk on that subject are Bailey McCormick, Toni Dewey, John Albers and others. We think one of the finest

ways to combat communism is to live like an American.

J.W. Spencer was in the office Monday. Mr. Spencer is interested in soil conservation. He is out to see as much stubble mulch done this year as is possible.

"It will hold moisture and stop blowing," Mr. Spencer explained. "We've got just the right amount of stubble this year to do a good job of stubble mulching."

Mr. Spencer is afraid that too much one-waying will wear out stubble before it has a chance to do any good.

We ran into a former cotton chopper this week. He is Pat Ricketts. We asked Pat if he remembers walking in hot sand barefoot chopping cotton. He did.

If there are any cotton choppers in the country of the barefoot variety they will remember how they used to run from one large weed to the next seeking a little relief for a pair of very hot feet.

Pat is from Wellington.

We lived at Turkey, a very depressed area, about that time but it seemed fairly prosperous. No one had told us we were living in a depressed area so we went blissfully on our way.

The community's doctors were Doctors Gilmore and Garner. Doctor Gilmore was the father of Lee Gilmore, 1904 Ninth, and Dr. Garner is an uncle of Tom Garner of 1107 Third. They dished out calomel in abundance and took chickens, turnip greens and promises in return for professional services.

We lived a happy childhood under those "depressed" circumstances because we didn't know we'd been an underprivileged child. We didn't have any experts to tell us about it then.

Why Hire College Students

(An Editorial)

Some of the finest employees we have ever hired came from the ranks of West Texas State College students during the past school term.

The college student is ambitious. His very presence in college is testimony of this. He is eager to learn and to get ahead. Usually he shows keen interest in his part-time job because he considers even that a part of the process of learning.

Usually he is honest. This is especially true here at West Texas because most of the youngsters going to school here plan to become teachers. If there were much greed in their hearts they would be preparing for a profession with promise of greater monetary consideration.

If you hire a part-time worker from among the WT students be prepared to let his studies come before his job for you. After all, he came to WT to go to school, not to earn money.

If you have part-time work available, we think you would do well to consider a WT student for the job. We did and we think they're tops.

Besides, a youngster who is happily employed here learns more about the town. He may want to stay after he graduates and become a full-fledged citizen of Canyon. Many have and we hope many more will.

Taylor and Sons Market Featured In Magazine

Because stock goes directly from truck to shelves and the store has no back room for storage, the unique Taylor & Sons Market in Canyon has been featured in NARGUS BULLETIN, monthly magazine of National Association of Retail Grocers of the United States.

The article, written by Wil-

ford Taylor, Jr., one of the owners, explains that Taylor and Sons has developed a plan in which they use the wholesaler plus a combination price book, space allocation, buying guide and inventory control that gives an exact record of purchases and shows how specific items are moving.

Hilltop Views

BY DR. J. A. HILL

In order to get this feeble effort in editorial writing off to a good-humored start, let's begin with a joke or two—Negro variety.

When I was superintendent of schools in 1906-07 at Richmond, Tex., three fourths of my juvenile charges were colored. Come Christmas I was invited to speak to the Institute for Colored Teachers. The county court room was jammed and the county superintendent of schools and I constituted the white contingent.

When Superintendent Peterson and I had finished what we had to say, it was time for the real speaker of the evening—Professor E.L. Blackshear, then President of Prairie View College for Colored Youth. The short, rotund presiding officer arose to introduce the distinguished guest (and he really was deservedly distinguished) in the following language: "You know, fellow teachers we have tried to obtain Professor Blackshear as our principal speaker for the past three years but owing to the multiplicity of his obligations he was precluded from the possibility of addressing us."

I elbowed Peterson in the ribs and he snorted out loud. I didn't get any more of the introduction.

This incident in the Negro's use of big words reminds me of a story which was carried in the Youth's Companion more than 60 years ago. An old Southern Dandy and his son became competitive cab drivers in Atlanta, Ga. As the years rolled by Junior decided his father was not competent to drive a cab and ought to retire. He was impatient if not downright impudent with the old man.

One day father concluded he had taken enough, so he asked a drummer, whom he was transporting to the depot, to give him all the big words he could think of, saying as he did so: "I just want to paralyze that young nigger's desireability when we gits to de depot." The drummer generously complied, giving the old man a nice collection of Webster's vocabularic curiosities.

Sure enough, on arrival at the station there stood the young Ethiopian on the platform. With pompous mien and commanding voice he yelled at his shaggy old Dad: "Don't segashiate dat stupendous old omnibus in de way of de vehicle." Pointing his finger menacingly at his dusky offspring, the father shot back: "Looky here, you black imbecile, I wants you to 'stinkily understan' dat when the cooperation of de imperialism seems to assimilate ad reputable infringement of hereditary avariciousness I shall retract my individuality, and no befoe', sir."

If the young descendant of Ham had anything further to say, Youth's Companion did not record it.

If the Negro furnishes us jokes, he also furnishes us philosophy. Listen to Booker T. Washington, great American educator, philosopher, and humanitarian.

"I will allow no man to drag me so low as to make me hate him." That will do to chew on the rest of your life.

Mary Caballero

Today I seem to want to look for something amusing to try to fill my column. I ran across several interesting items to pass on to you this week.

From London comes this news item: Decorator Adrian Griggs was asked to design a fabulous bedroom for the favorite daughter of the Emir of Kuwait. His suggestion: a glass floor beneath which is an aquarium containing 400 exotic fish. The walls will be covered with monkey hairs that are kept in constant gentle motion by the air-conditioning system.....

From New York comes the idea of a yawning doll which can be made to yawn constantly at bedtime and psychologically will make a child sleepy, too...

And from New Castle, Pa., an inventor has come up with a clamp that will enable a woman to put on a bracelet without help. One end of the clamp holds the end of the bracelet in its jaws while you put the other end around your arm!!!!

From Lubbock.....A wealthy Texas returning from the grand tour was asked by an artist friend if he had picked up a Van Gogh or a Picasso. "Nah," he replied, "they're all left-handed drivers over there and besides, I already have 3 cars."

Four-foot television screens and programs that will challenge the movies are forecast for less than a decade hence. They will be incorporated in the home by the builder. Giant screens will have concealing draperies so that they may be exposed when the program is ready, just as curtains are drawn back in the theater.

From the front page of The Claude New comes this amusing "Teacher's Lament"....."Some people say a teacher is made of steel...Their minds can think, but their bodies can't feel...Iron and steel and Hickory tea; ... Frown and gripes from nine till three...You teach eight full hours, and what do you get? ... Another day older and deeper in debt...You pay your dues to this and that, ...Then for 29 days your billfold's flat...I was born one morning when it was cloudy and cool...Picked up my register and headed for school...."

Hays' Article In Historical Publication

Second of two articles to appear in the East Tennessee Historical Society's Publications by Willard M. Hays, instructor in history at West Texas State College, has been published.

The second article is a continuation of a treatise on "Andrew Johnson's Reputation," which traces the changes in President Johnson's reputation since the period of his presidency to the present. Hays concludes that the six years, 1927-32 marked a period of intensive study of Johnson, as a result of which he was almost "canonized."

Although there have been several more critical studies since that time, the reputation of the only United States President ever to be impeached has remained high, Hays wrote.

Hays was the winner last year of the McClung Award, presented each year by the East Tennessee Historical Society to the author of the best article in the Publications.

Hays, who joined the WT faculty in 1959, holds the B.A. degree from Virginia Military Institute and the M.A. from the University of Tennessee, where he has studied toward his doctorate.

Grid Players Being Picked for Classic

Frank Hednik, General Chairman of the Panhandle Grid Classic, announces that the 4th annual high school all star football game will be held Saturday night, August 19, at Price College Stadium in Amarillo.

The selection committee is now in the process of choosing the players and coaches who will participate. Sponsored by the Price College PTA, the game matches high school graduates from AAAA and AAA (City Slickers) schools against AA, A and B (Sodbusters) schools.

More Hurrahs (An Editorial)

We salute the Junior Chamber of Commerce of Canyon for its efforts in seeing that flags are flown each holiday in our community.

The flag is a symbol of our patriotism. The Junior Chamber of Commerce does many fine things in our community but this is one of the finest. We never see Old Glory without having an added spring in our step. We never hear "Retreat" without having a catch in our throat.

We think this country needs more hurrahs. We think we can use more the sentimental patriotism that we often hear sneered at today.

Sentimental patriotism of the Bunker Hill and Valley Forge vintage will withstand a lot of sneering and jeering. Those who jeer and sneer know that it will also inspire Americans to go out and lay down their lives for liberty.

Jaycees, you may not realize it but you are striking a strong blow for Americanism every time you hoist an American flag. Again let us salute you for doing it.

Cates Named Top Cadet At ROTC Awards Drill

Winfred R. Cates, senior ROTC student at West Texas State College, received the President's trophy during a recent ROTC awards ceremony.

Dr. James P. Cornette, college president made the presentation to the outstanding senior cadet.

Winners of trophies as outstanding junior, sophomore, and freshman cadets were Vern C. Vincent of Amarillo, Gary K. Balzer of Perryton, and Randolph G. Berry of Amarillo.

The awards were presented by Lt. Col. Edward L. Lindsey, professor of military science and tactics at WT, and Palo Duro Post 97, American Legion of Canyon, and Canyon's Lucius Penick Post 5681, Veterans of Foreign Wars.

Winner of most citations was Balzer, who also was named most valuable member of the Rifle Team, was one of the outstanding members of the ROTC Band, and was awarded a Rifle Team jacket.

The unit's Company E, commanded by Ray McCowan of Plainview, received the Col. T. H. McDonald Award as best company, and was also cited as best company in reviews. Best drilled platoon was led by Jackie R. Roberson of Amarillo, and Best drilled squad was that of Robert E. Winn of Canyon.

Named the best drilled basic cadet was Ronald O. Thornton of Lockney. Other individual awards included John D. Bryant of Hereford, recipient of the Reserve Officers' Association trophy; Willard A. Smith of Groom, the Honor Medal of the Sons of the American Revolution; Jim Curtsinger of Hereford, the medal of the Association of the United States Army.

Gary V. Holland of Amarillo, most valuable member of the Drill Team; Roy N. Killingsworth of Ozona, military history trophy; James R. Slough of Dimmitt, most improved member of the Rifle Team; Thomas E. Kral of Amarillo, George Nies of Stinnett and Richard Winegeart of Hamlin, Drill Team proficiency awards.

Band citations went to Balzer, Harris Brinson of DeLeon, Charles E. Nail of Odessa, and John O. Garrison of Phillips. Rifle Team jackets went to Balzer, Edward L. Wimberley of Muleshoe, Craig Hinger of Canyon, Gary Young of Turkey, Dempsey Malaney of Perryton, and Charles Massie of Pampa.

Chicago Tribune Medals were presented to Bruce Wimberley of Dawn, Alan Hanks of Canyon, Donald M. Hilliard of Amarillo, and Randolph G. Berry of Amarillo.

Canyon High School band twirlers are sponsoring a Twirling clinic June 7, 8, and 9 at Conner Park.

Janie Burk and Lois Harlan, newly elected twirlers at Canyon High School, will be instructors for the clinic. It is open to junior-high school students.

Classes will be held from 9:00 - 10:00 and 10:15 - 11:15 mornings and from 3:00 - 4:00 in the afternoon. Morning classes will consist of twirling and afternoon classes of strutting.

Cost for attending the clinic is \$7.00. One class meeting will be \$1.00. Private lessons are \$1.00 per half an hour.

Proceeds from the clinic will be used to finance a trip to the Southern Methodist University Twirling school for the Canyon High School Twirlers August 6-9.

Those who will attend are Janie Burk, Lois Harlan and Janie Jarrett.

Rushmer, Hicks 'Bowlers Of Year' at Annual Fete

Gort Rushmer and Jo Ann Hicks were named bowlers of the year and were presented trophies and gifts at a sponsors' appreciation banquet at the American Legion hall Wednesday night of last week.

The banquet marked the close of league play at Canyon Bowl. There were 102 people present.

Teams presented individual sponsors at the affair.

League winners, runners up and consolation teams were recognized. Trophies went to the teams and individual members of the teams.

In the Canyon League Village Drive In came in first. Blackwell Insurance was second and consolation awards went to LaGrone Funeral Home and the Canyon Bowl.

In the Ladies' League Thompson's came in first and Canyon Body Shop was second.

Notaries Public Must Requalify

All qualified notaries public desiring reappointment for the new term ending June 1, 1963, must requalify by the payment of the required fee and the filing of a new oath and bond with the county clerk's office, according to Tommy Lair, county clerk.

This must be done between June 1 and June 10, Lair added. According to national studies, present-day drivers who have participated in high school driver training programs in the past have better than average safety records.

Kappa Alpha took first place honors in the Palo Duro League and Randall Motors was second.

In the Business Men's League Sternbery was first and Consumers took second place honors. Imperial Chevrolet was consolation winner.

In the Couples' League Team 4 place first and J.J. Walker was consolation winner.

The Old Pros won the Bantham League and the Eight-Balls took consolation honors.

The A-Students won the college league.

Canyon Bowl was named winner of the Plains Travelers' League.

Tommy Tucker was recognized for the high series with a 701.

Nig Carter made the "Bowler of the Year" team. This is a team composed of the top ten bowlers from Amarillo and Canyon.

Eddie Knowles, owner of Canyon Bowl, served as master of ceremonies at the banquet.

NEW ELECTRIC HOME FREEZERS AND REFRIGERATOR-FREEZERS BRING BIG SAVINGS — AND EXTRA FOOD FRESHNESS — TO SOUTHWESTERN HOMEMAKERS

Every family can now enjoy the advantages of buying food when prices are low — or preserving home grown fruits and vegetables. The new electric home freezers or combination refrigerator-freezers make this food saving possible — save money, too. For the smaller families, the refrigerator-freezer is the answer. These combinations will provide freezer space for up to 200 pounds of food. And the real beauty of it all is that, in many of these models, you get nearly twice as much refrigerator-freezer capacity in the same amount of space that old refrigerators used. Big family or small there's a freezer for you — with big money savings.

THE BEST REFRIGERATION — ELECTRIC, OF COURSE

5 PLASTIC BOWL COVERS FREE!

That's right. Public Service customers who see a freezer or refrigerator-freezer demonstration now from their Reddy Kilowatt Dealer will receive five attractive and useful bowl covers. Get them now — while they last.

Speech Workshop Set In July

The annual summer High School Speech Workshop at West Texas State College is set for July 2-14.

The workshop is open to students who are attending or will

be attending High School next year. It offers two weeks of practical experience in dramatics and all forensic activities under regular staff members.

Students will gain practical experience in the many areas of dramatic work, all of which should aid them in participation in High School plays and contest plays next year.

The workshop will also cover such forensic activities as prose reading, poetry reading, and extemporaneous speaking.

A recreation program will be organized for workshop members and special plans are being made to celebrate July 4.

Enrollment fee (must be received before June 20) is \$35.00. Room and board in the dormitories are \$34.00. Stafford Hall will be open for boys this summer and Cousins Hall for girls. A \$10.00 room deposit

must be made. Boys must send their deposits to Dr. Page Carruth, men's housing director. Girls must send their deposits to Ruth Cross, dean of women. This deposit will be returned at the end of the workshop, less any charge for damage or loss of keys.

This workshop, though open to all interested students, is directed at those who plan to enter high school speech competition.

Several students who attended the workshop last year distinguished themselves in interscholastic League competitions this year. Dian Usry, Amarillo High School, went to state in Oratory contest. WAM Moore, Canyon High School, went to state in poetry reading and placed third. Ru Nell Stitt and Jill Vanderver, went to state with the Amarillo High School debate team.

Julianna Hansen, Tulia, won best actress in the Eastern New Mexico play festival. Ron Osborne won best actor in the Canyon High School junior play. WAM Moore and Russell Farr went to area with the Canyon High School one act play.

The workshop presented two plays last summer. They were "Fly Away Home" and "Stage Door". A similar schedule is planned for this summer. The tentative limit on enrollment is 40 students.

William A. Moore, director of the Branding Iron Theater, WTSC, will be in charge of the workshop.

Stritzels Have A Girl, Other 5 Children Boys

Sgt. and Mrs. John Stritzel are the parents of a girl. Her name is Kathlene Marie, not following in the tradition of her five brothers who all have the initials J. R. S.

She was born May 15 and weighed seven pounds at birth.

The Stritzels have been married 16 years and have lived in Canyon four years. Sergeant Stritzel is an ROTC instructor at West Texas State College and will retire from the service the last of June after serving 20 years.

Mrs. Stritzel says that the family will remain in Canyon.

The Stritzels have five sons. They are John Rolland, Jr., age 15; James Richard, 13; Joel Robert, 9; Jeffery Randall, 4 and Jerome Raymond, 2.

"My husband knew that this was a girl," Mrs. Stritzel said,

"Of course, he's just known that the last three were going to be girls. I couldn't believe it. I've always loved to shop with women who had a little girl. I'd feel the girls clothes. Now I can buy ruffled panties instead of blue-jeans for one. The boys all love her. She has so much black hair that the boys want to call her 'jungle bunny' but I won't stand for that."

Mrs. Stritzel said that she had several phone calls asking if she were going to keep up the J.R.S. tradition.

"We got into the initial thing and then couldn't get out of it," she said. "We named afraid that they would feel left out if we didn't keep their initials the same as their father's too. We were stuck with it. Having a girl gave us an excuse to change the initials."

our first boy a junior and when the next one came along we wanted to name him James and decided to keep the initials as J.R. for him too. Then as the others came along we were

We have had so many nice phone calls and notes. It seems to us that everyone in Canyon was excited over our girl. We are all very pleased, including the boys."

Sheriff's Posse Holds First Outing for Year

Randall County Sheriff's Posse members took their first outing for the year Saturday, according to R.B. Allen, president of the group.

Allen said approximately 30 people rode from the arena east of town to the Baptist camp 10 miles northwest of town. Others brought horses out to the camp in trailers.

Highlighting the outing was a supper which 76 attended.

"We had several horseback games before eating," Allen said.

A number of the members spent Saturday night.

Allen said next event for the posse will be at Plainview today (Thursday). They will participate in the parade and rodeo there.

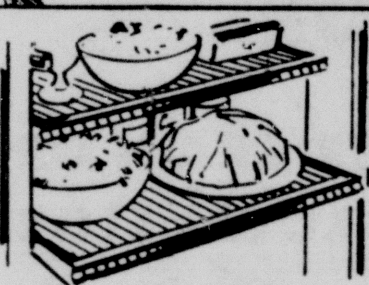

Then Friday the Sheriff's Posse will host the annual Canyon Appaloosa horse show.

LOW PRICE IS ONLY HALF THE STORY

(The other—and even more satisfying—half you'll discover the first time you drive a Corvair!)

And when we say "low price," we mean more than merely the pint-sized figure on the window sticker of a new Corvair. You're going to be saving like sixty on gas. And on the antifreeze you won't buy next winter, and the radiator repairs you'll never have to pay for. About the only things Corvair doesn't skimp on are room, smoothness, style and pure driving joy. But that's the other half of the story. Talk to your Chevrolet dealer about it soon!
